Work Experience

Senior Client Associate

June 2022 - Present

JP Morgan, San Francisco, CA

- Implemented service model for institutional equities trading and VC corporate service clients, establishing formal workflows, service standards, and operational procedures across the full client lifecycle
- Identified a high-risk manual workflow and engineered Python tooling from scratch to automate in-kind stock distributions, eliminating errors and scaling the process team-wide across hundreds of millions of dollars in transactions
- Advise ultra-high-net-worth clients across the full VC equity lifecycle, from pre-raise to exit

Education

B.S. Managerial Economics & B.A. German

September 2016 - June 2020

University of California, Davis, Davis, CA

- Economics: GPA 3.75, Dean's List 7x, Honors Thesis: "Wildfire Anticipation and PG&E", Econometrics, Options & Derivatives, Quantitative Analysis
- German: GPA 3.90, Dean's List 4x, Linguistics, Literary Analysis, Cultural History, Business Writing

Leadership

Client Associate Advisory Council

2023 - Present

JP Morgan, San Francisco

- Selected to represent Client Associates firm-wide in strategy sessions, advising senior leadership on frontline operations and business needs
- Identify process inefficiencies and lead cross-functional projects to drive measurable operational improvements across teams and geographies
- Conceived and independently built a document prefill tool to fill a high-demand operational gap absent from the firm's roadmap, driving it from prototype to division-wide deployment and now leading its integration into core systems

Treasurer & Executive Board Member

2017 - 2020

Mock Trial at UC Davis, Davis, CA

- Elected Treasurer 3 years, revamped finances to eliminate debt and ensure sustainable operations
- Co-founded the UC Davis Cowtown Classic invitational tournament in 2019, still ongoing
- Helped cultivate 3 nationally ranked teams and competed nationally with 2
